

The Spiritual attack

Author: Pierre Dungee

www.getyouranswersonline.com

This attack is most insidious, and this is where you will need to have the Holy Ghost help you. This is the situation when one of the household members has a different spirit that is NOT of the Lord Jesus Christ. This attack affects young men and women the most. This is because they are to the point where they are making a decision on if they are going to follow the Lord or follow the devil.

The household may be a Godly household, but one of the members in the household is NOT godly, and as you know, bad company corrupts good manners. The person with the wrong spirit will corrupt the whole household and implode it if action is not taken to stop the hemorrhaging. This is where you see parents kicking their children out of the house because they will not listen or heed the rules of the household.

The scenario we present is an extreme one, but we think that the point will be

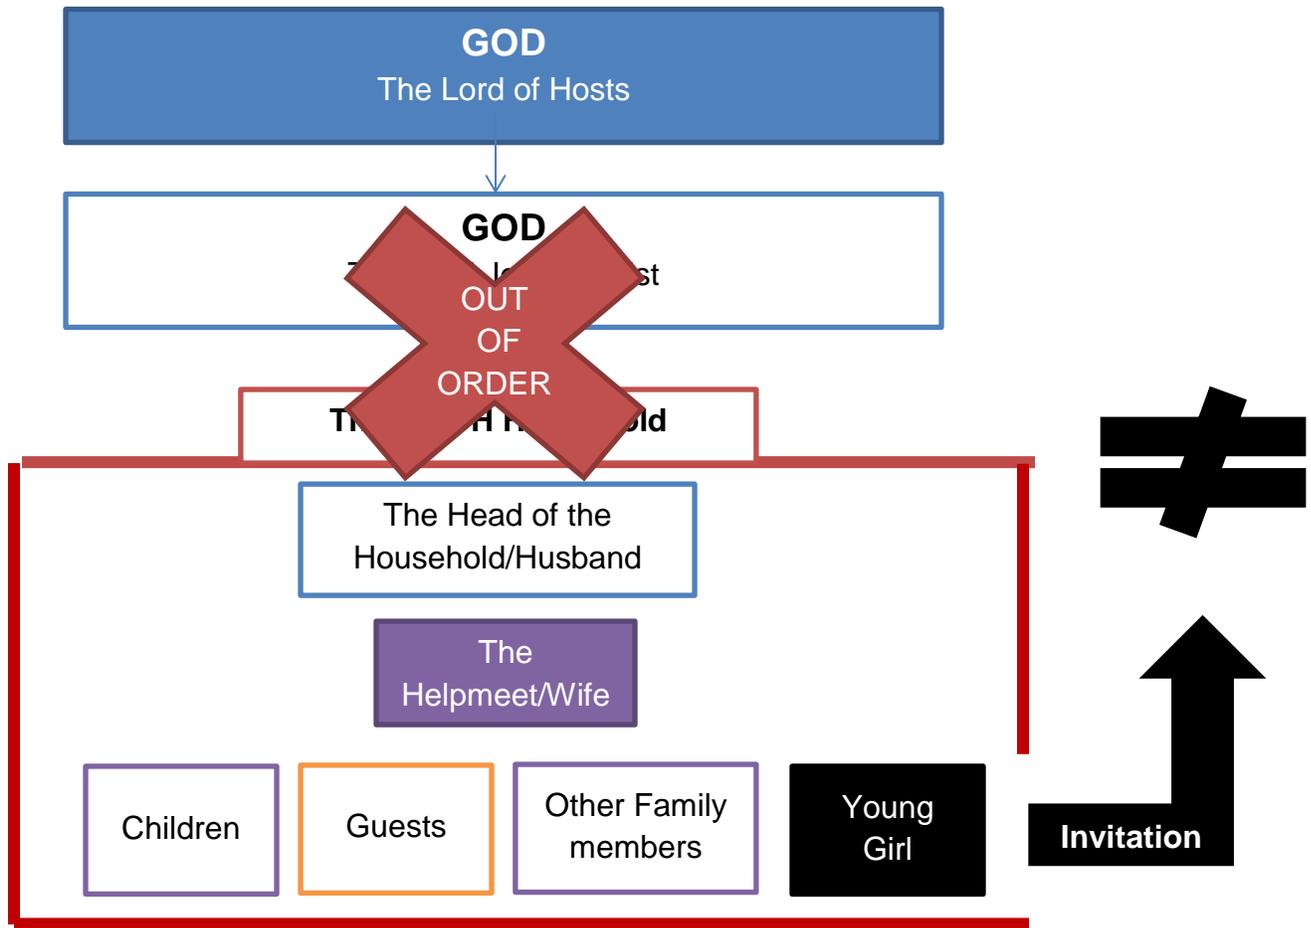

made very clearly. It is suggested that the head of the household talk with the Lord Jesus Christ to prevent a stealth invitation of this unclean spirit using a member of their household.

A spiritual threat is a threat that originates and builds from inside the household. In many cases, a spiritual threat is precipitated by a practice or belief which is brought into the household.

As an example, let's say we have a young girl introduced into the household that is hiding the fact that she is a witch, and she needs semen to get power for her witchcraft. This young girl is beautiful, and she sees a household that has many men and boys in it. She has figured out that she can get the power she needs by oral sex, draining the semen from all of the men and boys in that household.

This young girl **is a sodomite, and likes oral sex**. She starts to disrupt the household by sneaking in at night and playing the role of a succubus, where she drains the men while they sleep. Already, because of this action alone, that household is out of Order.

The Lord Jesus Christ tells the head of the household that he has an infiltrator in the house and that the infiltrator is unclean and is defiling his household.

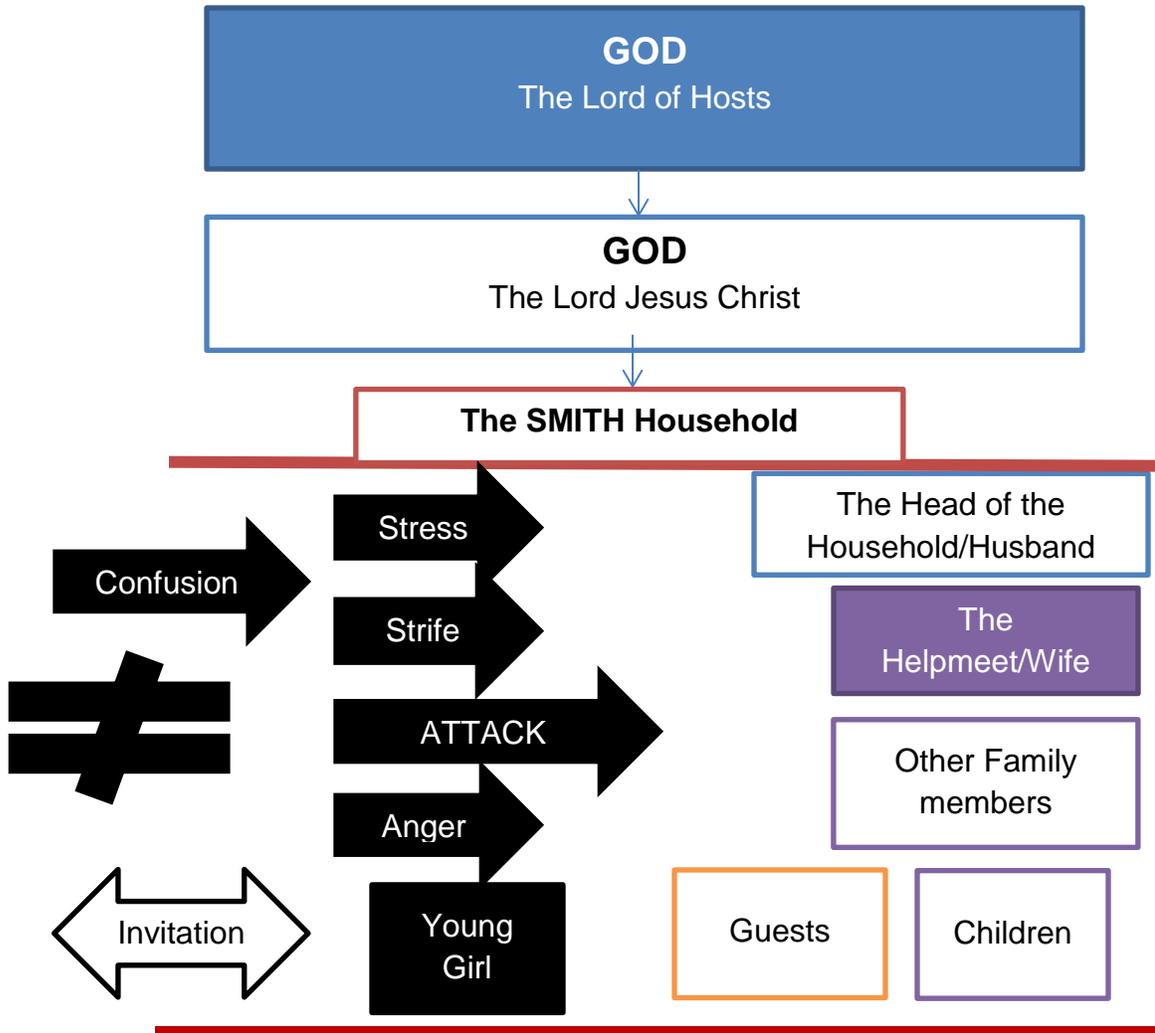

The devil is waiting for his chance to infiltrate this household and for the young girl to invite the devil into the household. Already, the men in the household are acting strange and the women in the household know that something is very wrong. The head of the household finds out that this young girl has defiled his household with oral sex, but it is too late.

The young girl has invited the devil into the household, breaching that household.

Notice the breach in the household, as this discord literally draws the devil into the household. That discord is a tacit invitation for the devil to breach the household and to implode it. As the devil is invited in by the young girl, the rest of the household will become angry, and that will cause more strife and confusion. Note that the devil cannot breach the household unless he has more power to, which in this case he does not, or he is invited in by one of the household members, which in this case, he was. By the devil creating discord, the Lord of Hosts will remove the protection that the household had and declare that household out of order. The head of the household will have to act to staunch the breach and right the household.

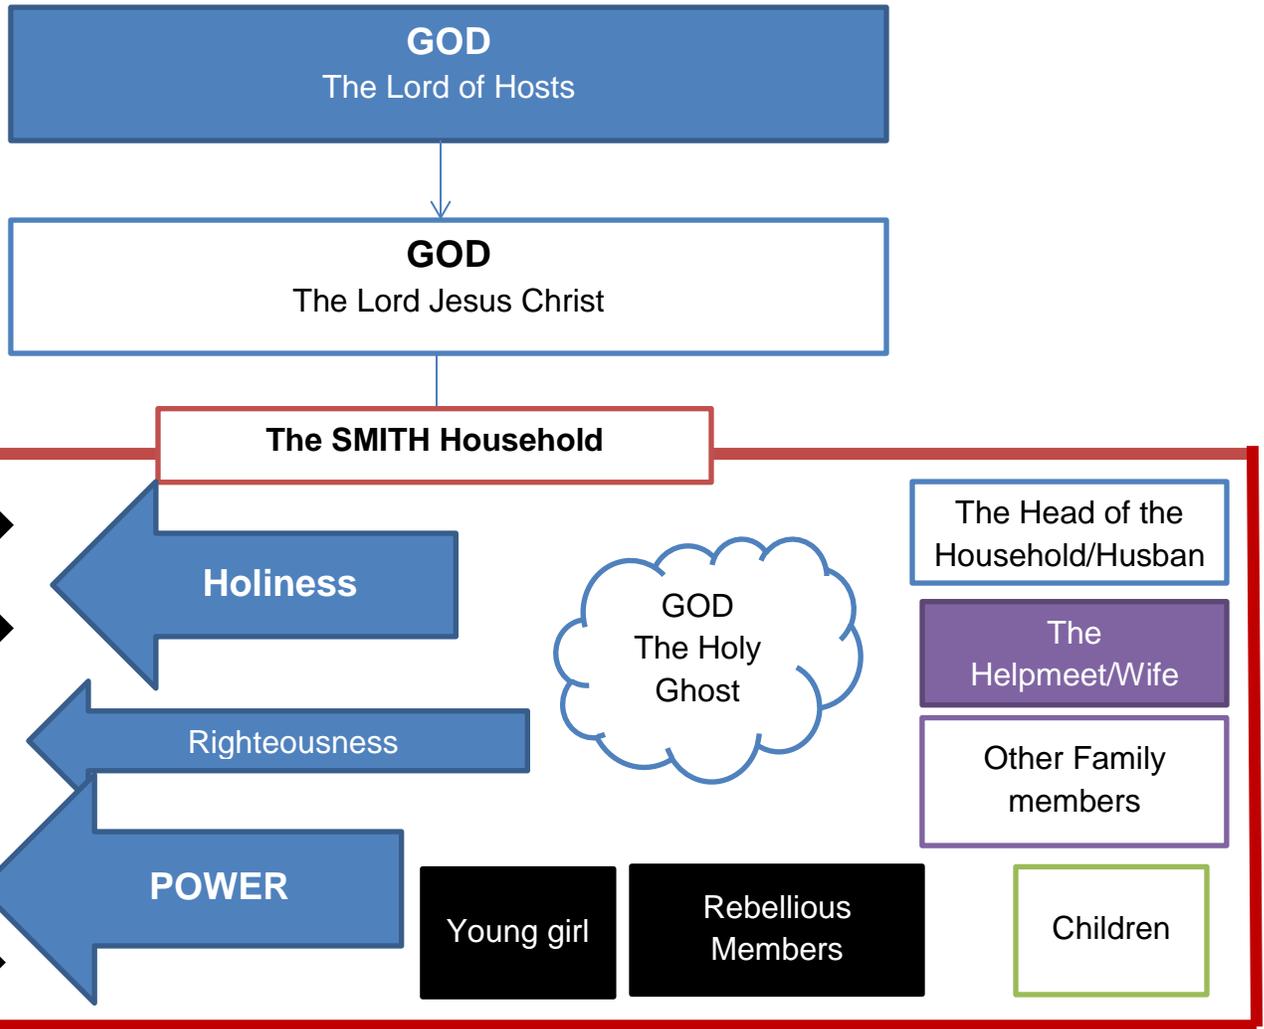

This is what will happen to the household:

The household has now been breached, and the devil will come in with all guns blazing. The devil will go after the head of the household, as he is the one that controls the whole household. Remember – the devil was invited into the household by the young girl, so the authority for the devil to enter the household was given to him by one of the household members. This act, in turn, causes **the whole household to lose its authority with the Lord, as the household is now NOT in Order**. The devil then attacks the head of the household, trying to neutralize him, using the young girl's oral sex skills to destroy the marriage of the head of the household by trying to drain him of semen as well.

This is a classic invasion, and the devil plays for keeps.

In this case, the head of the household and the helpmeet are Godly people, so they pray and ask for help from the Lord of Hosts to keep the devil at bay and help them cast him out of their household.

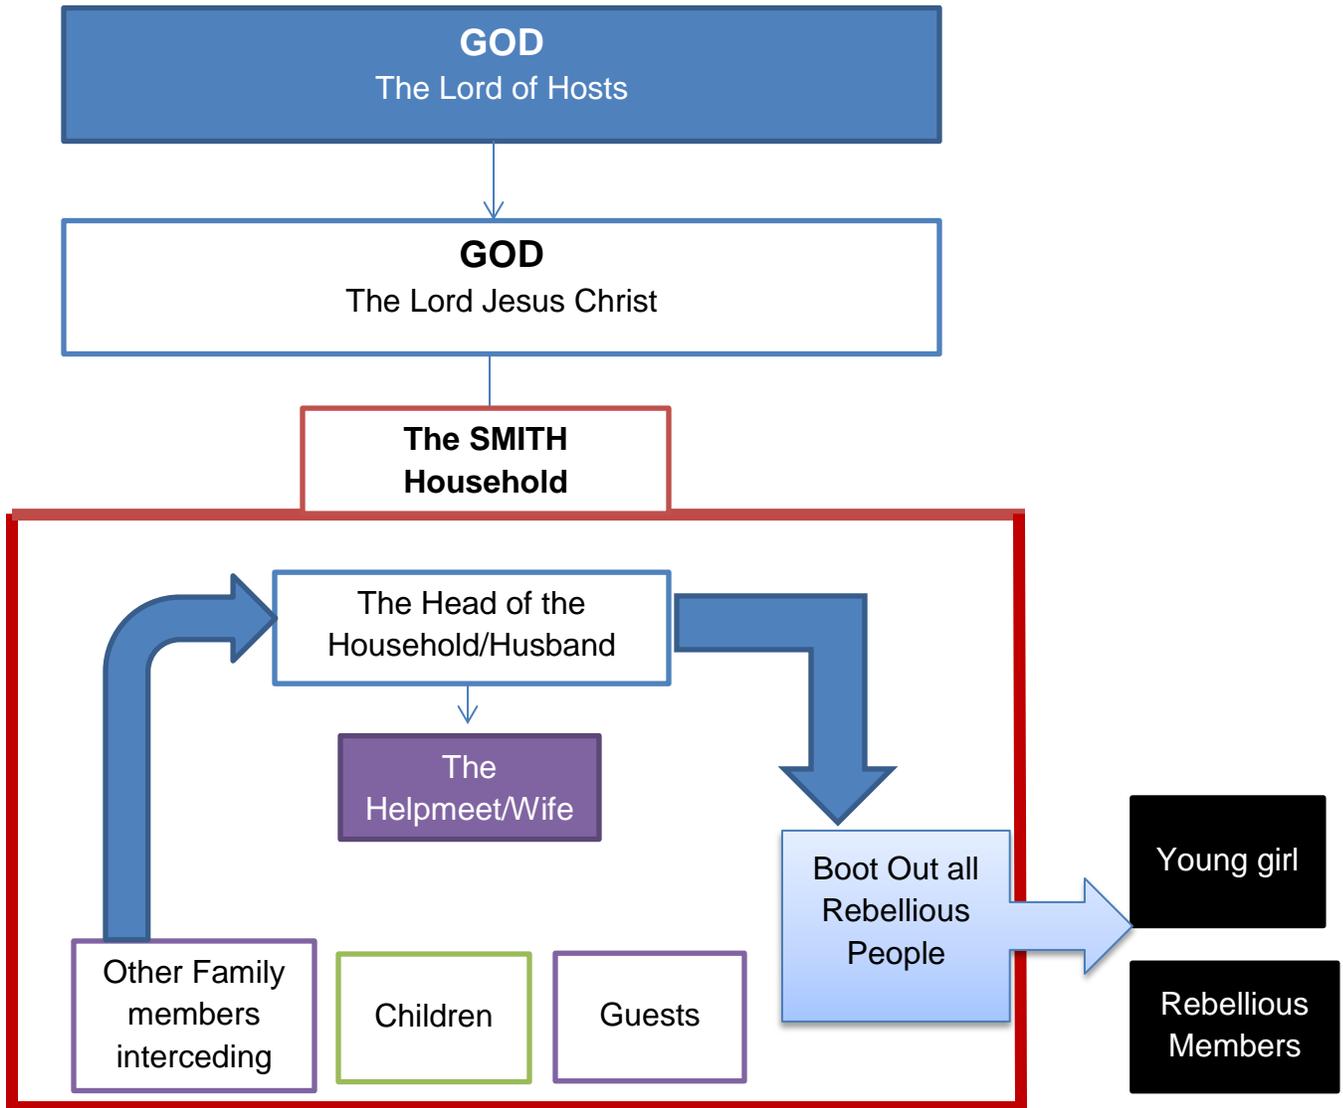

Since this is a Godly household, the Lord sends in reinforcements via the Holy Ghost, who reinforces the household with the Lord's authority once again. The Head of the household and the wife are both filled with the Holy Ghost, so they call on Him to help them, and He does.

The invasion is repelled, and the household is righted once again.

Did you really think that the Lord of Hosts would just let the devil take over his household without a fight? The people in the household called on the Lord and asked for His help! Even though a young girl who is a witch caused the issue that does not mean that the Lord will turn away from His people. The head of the household has asked the Holy Ghost to reside in his household from now on, so that breaches like this will be caught early and sealed before an invasion is mounted by the devil.

Now the head of the household boots out the defiling element in his household. In the process of catching and dealing with the defiling element in his household, some of the household members wanted her to stay (for obvious reasons).

The head of the household will not tolerate the rebellion, so he boots the rebellious ones out with the young girl, while the rest of the household prays over the household to cleanse it again:

By booting out the rebellious members and the young witch, the order is restored to the household and all in the household are on one accord once again. It is very important to note that **being on one accord is the most important thing in a household**. The householders must be on the same page – on one accord - if they are to survive. If there is any discord, or if any person in the household breaks ranks, the household is at risk. The Lord Jesus Christ or the Holy Ghost will warn the head of the household so he can fix the situation and bring the household back in order.

The head of the household in these situations will be no nonsense to the point when a person is asked to leave, and if they refuse, they could be shot on the spot. The head of the household cannot afford to be without the protection of the Lord of Hosts and the Lord Jesus Christ, as the devil will wait until there is a breach and then attack the household.

Notice how the devil infiltrates. He uses pleasure and fun as a weapon to get you to lower your defenses so he can get you. Through stealth, through guile, and through deception, household after household are continuing to fall all over the world **right now**.

An analysis of the spiritual attack

You may be asking yourself why I used a young girl who was a witch and an agent of the devil who used oral sex as a weapon. In a real scenario, this is a very likely tactic, as the person getting the oral sex will most likely keep quiet about it. This is sodomy, and the Lord will NOT be anywhere around sodomites. In fact, He will destroy them and anyone who has been 'infected' by them.

You can see the same tactic used against the Israelites in the Old Testament, where the Moabite women were dispatched by the devil to have sex with as many men as they can. The Moabite women had dedicated their vaginas to Baal-Peor (Lord of the opening, who is the devil), and anyone who had sex with them would have been defiled. The Lord of Hosts killed all of the men that these women defiled. 24,000 Israelites were destroyed because they had sex with the Midianite women.

24,000.

You can read about the Moabite women in **Numbers Chapter 25**. Remember that the Lord of Hosts was trying to keep the Children of Israel pure and undefiled, as this is the tribe where Jesus was to be born:

Numbers 25:2-9 - And Israel abode in Shittim, and the people began to commit whoredom with the daughters of Moab. And they called the people unto the sacrifices of their gods: and the people did eat, and bowed down to their gods. And Israel joined himself unto Baalpeor: and the anger of the LORD was kindled against Israel. And the LORD said unto Moses, Take all the heads of the people, and hang them up before the LORD against the sun, that the fierce anger of the LORD may be turned away from Israel. And Moses said unto the judges of Israel, Slay ye every one his men that were joined unto Baalpeor. And, behold, one of the children of Israel came and brought unto his brethren a Midianitish woman in the sight of Moses, and in the sight of all the congregation of the children of Israel, who were weeping before the door of the tabernacle of the congregation. And when Phinehas, the son of Eleazar, the son of Aaron the priest, saw it, he rose up from among the congregation, and took a javelin in his hand; And he went after the man of Israel into the tent, and thrust both of them through, the man of Israel, and the woman through her belly. So the plague was stayed from the children of Israel. And those that died in the plague were twenty and four thousand.

Think about that for a minute, Christian.

This is the kind of spiritual attack that the devil will launch against a household, Christian. It was hard to detect; it was stealthy; and it defiled many in the household. There were enough men defiled that it caused the household to NOT be on one accord, and that discord allowed for the invitation of the devil into the household to try and destroy it.

You can see the chess game being played by the Lord of Hosts and the devil, Christian. The devil was trying to defile as many people as he could, while the Lord of Hosts was trying to keep Israel as pure as He could. This is why the Lord of Hosts had the Israelites kill all of the surrounding tribes, as they were pagan and unsuitable for the lineage of the Lord Jesus Christ. Only the virgin women and girls were kept, and folded into the Israelites after any wars were fought and won.

Know when it's your fight!

“But the Advocate, the Holy Spirit, whom the Father will send in my name, will teach you all things and will remind you of everything I have said to you.”

— John 14:26

Other types of spiritual attacks

There are many other types of spiritual attacks that the devil could use against a household. They could be:

- Using sex as a weapon;
- Having a witch or warlock defile the household;
- Have someone start an unclean practice, like using a chicken or animal as a sacrifice;
- Have someone start praying to a different god, making things not on one accord;
- Start discord via anger, greed, or any other vice that is unclean;
- Use a device (like a television or the internet) to bring filth into the household on the down-low.

Jezebel would infiltrate a person via her talking to them, making them believe that 'girl power' is the only power that matters. Infidelity could be a weapon, as this would cut off the power of the household if the marriage of the head of the household and the helpmeet was to break down, bringing the whole household out of order.

The head of the household will need to be a strong man

The head of the household will need to be a strong individual because maintaining the household will be a requirement for survival. Can you imagine a head of the household who will have to put out their mother or their best friend because they defiled the household? This is what the head of the household will have to deal with. If the head of the household is not a strong or godly man, that household will collapse and be overrun and spoiled by the devil.

I believe strongly that this teaching about households will be the difference between life and death for households in the near future, Christian. I also believe that what we are seeing in the spiritual will become physical very soon. Very soon, the head of the household

will be putting out family members that defile that household. If the head of the household does not, then the hand of the Lord of Hosts will NOT be on that household, and when the invaders come, that household will fall.

This is the time when people will be trapped in the cities, as the cities will be cordoned off and no one gets in or out. Any household that is not under the Lord of Hosts protection will be given over to the devil, and that household will be overrun by thugs, hoodlums, and military and they will rape, pillage and kill all who stand in their way.

Who is going to stop them, Christian, if the household has no armament to fight with?

How is a household without the protection of the Lord of Hosts going to protect their food stock up (if they have one) from a hungry horde of people who will stop at nothing to get to that food so they can eat? How is the household going to protect itself from invaders at all hours of the day and night if they are not on one accord and will cover for the others while they sleep?

This is why **preparation is key, Christian**. Do not fall for the okie-doke and not prepare. The Lord Jesus Christ will have you **prepare so you will be ready** for the times that are coming, Christian. Get that training for your rifle and handgun. Learn how to be able to use whatever weapon that the Lord Jesus Christ is giving you to learn and be familiar with so you will be able to repel the attacks that are coming against **YOUR** household.

Here is Our Challenge to all of you:

We challenge you to go to Jesus directly **RIGHT NOW** and ask Him if what is shown here is true. Use this as a means to start a conversation with The Lord Jesus Christ and sit with Him and ask Him questions. Start with **(asking out loud):**

“Jesus, is what I just read true?”

He will answer you, Christian; use this as an opportunity to start the conversation with the Lord Jesus Christ. Keep talking with Him. Get to know Him and He will start to reveal Himself to you.

You need to find out for yourself if what you support or believe is true, and what better way to find out than to ask the Lord Himself? You need to find out for yourself and work out **YOUR** salvation for **YOU**, as the scriptures tell us to.
