This month, we are going to get a little technical and delve into one of the tools that we use every day all day to not only communicate with the Lord, but to fight the devil. So, our focus this month is on **prayer**, and we are going to bypass what the church thinks prayer is, and we are going to show that Prayer is not only a communication means, but a powerful weapon against the devil.

So why do we have prayer, anyway?

Has anyone ever asked the question?

- When you really look at things, why is prayer even necessary?
- Why did the Lord Jesus Christ set up prayers as a means to do almost everything that is being done by the REAL Disciples of Christ and the followers of Christ?

These are the questions we are going to explore this month. As we are dealing with people preparing to follow pagan rituals, also known as **EASTER**, we have prayer to sustain us and keep us close to the Lord Jesus Christ so that we are not going down the broad road that most of the people in the world are going.

As you know, we have prayers to ask for things, prayers to intercede for others, prayers to fight the devil and make him run away in his high heels, prayers when we feel bad, prayers when we feel good. How is it that we have this means for prayers that can do so many things?

One prayer may ask for something, pray for someone, bind the devil, exhort someone who needs exhorting, and praise and thanksgiving to the Lord Jesus Christ for what He has done for us – all in one breath, all doing separate and specific things. So, in this month's postings, we are going to dissect a prayer and find out what is in a prayer and what a prayer really is.

- Can we hold a prayer in our hands?
- Can we put a prayer on the table so we can see it?
- Can we roll it up and put it in our pocket to be used later?

As we go through this study, you will find out some amazing properties of prayer that the current church is not talking about NOR are they teaching, and this is because prayers will cause things to move around you. Proper prayers will unmask the deception that most people in the church world today are unaware of, and this is why the prayers offered are those 'baby prayers' where you have to bow your head and clasp your hands.

- Has anyone ever asked WHY we have to bow our heads?
- Did Jesus tell us to do that?

Prayers have some amazing properties that we are going to discuss this month, and the understanding of these properties will help you with your prayer life. Know that prayers

are NOT one-dimensional, as taught in the churches; your prayers can do a LOT of things, including keeping you washed with the water of the Word, and keeping your mind clear of the devil's filth as you walk around down here in the devil's playground which is known as the Matrix.

After this month's articles, **take it upon yourself to sit with the Lord Jesus Christ and ask Him to explain some of the things that you will be reading about this month.** Much of what you are going to hear about will be incredible to you, but it has always been there right in front of your face. You will need the Holy Ghost to reveal some of these things to you, so if you are filled with the Holy Ghost, ask Him to explain the nuances of prayer and why it is so important. I am only going to touch the surface with these articles and videos, but YOU can study more in-depth for yourself so you will know how to pray always as Ephesians tells us to do.

We are going to go DEEP into the things of the Lord this month, Christian, so sit down and get yourself ready!

It is YOUR salvation that is on the line, and it is up to YOU to get as close to Jesus as you can and stay close to Him. I am doing what the Lord has asked me to do - Proclaim the Gospel and point people to Jesus. What you do after that is your business.
