

**From the Admin -  
The election is less than 2  
months away and we better be  
ready for heavy conflict**

We took the time to present you with methods that you can use to be able to survive and fight the current spirit that is covering the earth right now. Many people are afraid, and even more people are beginning to get sick of the constant rioting that is cropping up in a lot of cities across the country here in the United States. We are seeing the draconian methods that are being used by this spirit to lock down and oppress people in Australia and New Zealand with no end in sight with the ridiculous mandates and the lockdowns that have restricted people in Australia and New Zealand to 2 hours a day outside for exercise.

That sounds like a prison colony to me.

Incredulously, there are many people who just want to "ride this out" and they think that things are going to go back to normal - the way it was before the lockdowns - and then they can go on with their lives. Now remember - there is spirit that is heavy and oppressive that is hanging over most of the countries of the world, and there are people who are suffering because of this spirit, keeping people locked out of their jobs and businesses.

Many people are fighting, but they are being overwhelmed by the spiritual weapons of the enemy. He is using fear, intimidation, and this virus that has been made out to be this deadly strain that will kill a lot of people; it is not as deadly as it has been purported to be. This virus is like a very bad flu that has not killed more than what you see from the regular flu, once we got the correct numbers from the lying CDC.

The United States has taken steps to stop funding the World Health Organization, who is a proxy for this heavy oppressive spirit that everyone is suffering under, and this is a good thing. More money has been spent on this Covid-19 hoax that you think, and in return, people are suffering financially, barely able to put food on the table for their families. That money that people would be spending on their families is being spent on hospitals and clinics where a person diagnosed with COVID-19 is paid \$13,000 per patient and if they are on a ventilator, they are paid \$39,000 per patient.

What we have experienced so far is the biggest fraud and heist ever in the history of the world.

With all of that being said, as Christians, we are equipped with spiritual weapons to fight a spiritual war. We can see that the current church world is ineffective, weak, naked and unprotected, and a lot of people are going to turn away from that church world, as they should.

However, the NEW church will be like the church we saw in the book of Acts because this church will be walking in the FULL power of the Lord Jesus Christ, full of the Holy Ghost, and miracles will abound. During my quiet time with Jesus, I lamented about how powerless and infantile the current church world is. Jesus said to me, and I quote - "There will be shortages and power outages towards the end of this year, but know that when it is

darkest, that will be when I will shine the brightest. Revival is coming and many will be in the harvest."

That is the Jesus I know.

Next month, we are going to continue with our series on spiritual warfare, and we are going to show you how you can continually fight using your armour. For most, the Armour of God is something you put on like a coat of mail as it was like in the days of King Arthur and the Round Table and then clank around in it saying that you are ready for the fight.

No, you are not ready to fight. Not yet.

We are going to show that the Armour of God is more akin to the Iron Man suit than you think, and it does a lot more than you would expect. We will also finish up with more Prayers, and we will divulge more tips on how to pray Always, even when you are asleep.

Many of you are wondering how we know all of this about spiritual warfare and what the devil does. Those of you whom are in the fight KNOW that what we are posting is true because you have dealt with the devil and his foolishness personally. Many of you are growing weary of the battle, but you fight on, bind the devil where you can when you can and using the Word to get that spirit off of you and your families by staying in order, constantly talking to Jesus getting instruction and guidance from Him directly. **This is what the churches SHOULD have been teaching, but they have fallen down on the job and many are left vulnerable because they have NOT been prepared for the fight.**

Stay frosty, Christian, as November approaches. With the election coming up, the Democrats will continue to foment anarchy (as we see in places like Portland) but all of this will pass IF you are prepared with your spiritual warfare prayers and you are in order with the Lord Jesus Christ.

**As always don't take our word for anything.** Go DIRECTLY to Jesus and get your confirmation from Him and then do as Jesus tells you. **It is YOUR salvation that is on the line, and it is up to YOU to get as close to Jesus as you can and stay close to Him.** I am doing what the Lord has asked me to do - Proclaim the Gospel and point people to Jesus. What you do after that is your business. Get with the Lord Jesus Christ directly, Christian, and get those questions answered as soon as you can. Get more tips on how to talk to the Lord directly **here**.
