Now you are equipped with tools
and weapons to continue with
your PERSONAL warfare
Against the devil

As we close this webpage for this month, we have been successful in presenting to you something that not many others have presented. We have presented you with a means to partner with the Lord of Hosts, the Lord Jesus Christ and the Holy Ghost to protect YOU and your households from the devil's intrusions. Through this site, you now have what you need to start to push back HARD against the devil.

Think about it, Christian. You can now talk with the Lord Jesus Christ and collaborate with Him how you are going to protect your household and marriage. You know what the Lord is looking for when He judges and hands down decrees. You now have information on many of the instruments of Law that He uses to adjudicate the Kingdom of God

With all of that being said, NOW is the time for you, Christian, to step UP and get your house in Order. it is now time for YOU, Christian, to seek out and talk with the Lord Jesus Christ face to face. Use this time of preparation to start a dialogue with the Lord Jesus Christ for real.

As you can see, we stress interaction with the Lord Jesus Christ because this is something that most churches will NOT do. They have taught that Jesus will serve US, and all we need to do is to ask Him for everything.

No.

That is incorrect.

We are the disciples of Jesus, so it is us that serve Jesus. The church has been teaching an incorrect doctrine. Unfortunately, many people have bought into that doctrine and now they are hopelessly lost, waiting for Jesus to do everything for them.

We are not sure where or why that doctrine has been spread, but we will do all we can to smash it to smithereens and to advance the NEW doctrine where the people interact and build their hedges WITH the Lord Jesus Christ. As people go through their difficulties, **the bond between Jesus and His disciples grow stronger, and many people who follow Jesus will have the opportunity to ask and relate to Jesus a lot better than in the past.**

In Closing, we have a golden opportunity to bring ourselves back to the church that the Lord Jesus Christ sent out that turned the world upside down. **That church had POWER**, and over the years, the institutional denominational church made sure that the POWER that was in the church was cut off, telling you that 'that stuff is NOT for today'.

Really, pastor?

According to whom?

YOU??

It makes you start to wonder, who REALLY runs the denominational church, doesn't it?? (The answer is satan, and it is evident because the church now has NO Power at all).

By partnering with the Lord Jesus Christ to keep our marriages and households in Order, **the POWER that was in the early church has a chance to return.** No longer will **people be sitting there waiting for the Lord Jesus to do everything for them;** we will be able to boldly go to the Lord and ask for the things we need and then kick that fool devil in his nibbly bits and watch him run away screaming.

Why?

It will because we have the POWER of the Lord Jesus Christ flowing through us via the Holy Ghost. **The Lord will be able to trust us with the POWER he provides because we would KNOW Him PERSONALLY.** This is our opportunity to turn the Power of the Holy Ghost back on, Christian. Take advantage of this time and opportunity to get powered up by the Holy Ghost so we can do the job, gather the harvest, and then leave this hellhole of a world to 'them'.
